Testimonials

“We have been following HIT Consultant and appreciate the blog’s perspective on industry trends overall because it helps elevate understanding of sometimes complex healthcare topics.”

Rebecca Hellman, VP of Marketing for Healthcare IT Subsidiary of Quest Diagnostics

“As a strategy principle for a burgeoning health information technology sector, I am in constant need of up-to-date and succinct information around healthcare’s transformational eco-system. HIT Consultant allows me terrific presence to this dynamic industry.”

Rick Walsh, Vice President of Corporate Strategy of WellCentive, Inc.

“HIT Consultant has quickly become a premier source for information and opinion on one of the hottest industries in healthcare. A strong community is forming where like minded professionals can come together and discuss the issues of the day. Get involved now as the site moves from just reporting the news to driving the news!”

Brad Justus, HIM Client Relationship Partner of Kforce Healthcare, Inc.

Care360

HIT Consultant is proud to be a recipient of Care360® Healthcare IT Awards

“Social community providing informative HIT industry content dedicated exclusively to HIT professionals.”
